1. Find the total sales amount of all products.
   =SUM($E$2:$E$51)
2. Calculate total sales for the first 10 records.
   =SUM(E2:E11)
3. Find the total sales for January (use SUM with filter).
   =SUMIF($D$2:$D$51,"jan",$E$2:$E$51)
4. Find the total sales for West region.
   =SUMIF(C2:C51,"west",E2:E51)
5. Calculate overall sales of Snack category products.
   =SUMIF($B$2:$B$51,"snacks",E2:E51)
6. Find total sales of Amul Milk.
   =SUMIF($A$2:$A$51,"amul milk",E2:E51)
7. Calculate total sales for North region.
   =SUMIF(C2:C51,"north",E2:E51)
8. Find total sales for Snacks category.
   =SUMIF(B2:B51,"snacks",E2:E51)
9. Calculate total sales for March month.
    =SUMIF(B2:B51,"snacks",E2:E51)
10. Find total sales of products from Tata brand.
    =SUMIF(A2:A51,"tata tea",E2:E51)
11. Find total sales of Amul Milk in East region.
    =SUMIFS(E2:E51,$A$2:$A$51,"Amul milk",$C$2:$C$51,"east")
12. Calculate total sales for January month in West region.
    =sumifs(E2:E51,D2:D51,"jan",C2:C51,"west")
13. Find total sales of Patanjali Atta in North region.
    =SUMIFS(E2:E51,A2:A51,"patanjali atta",C2:C51,"north")

16. Find total sales where Sales Amount > 2000.

   =sumif(E2:E51,">2000")

17. Calculate total sales of Beverage category in March.

  =sumifs(E2:E51,B2:B51,"Beverages",D2:D51,"mar")

18. Find total sales of Godrej Soap in South region.

  =sumifs(E2:E51,A2:A51,"godrej soap",C2:C51,"south")

19. Calculate total sales of ITC Aashirvaad in East region.

   =sumifs(E2:E51,A2:A51,"itc aashirvaad",C2:C51,"east")

20. Find total sales of Dairy products in all regions except North.

  =sumifs(E2:E51,A2:A51,"Amul milk",C2:C51,"east",C2:C51,"west",C2:C51,"south")
